

KERR LAKE AND CROWN RESERVE FORMALLY SIGN AGREEMENT

COBALT, Ont., June 13.—The matter of treating the low-grade ore was practically settled for the next five days by the Kerr Lake and Crown Reserve Mining companies when they signed contracts with the Nova Scotia company to treat ores in its increased capacity mill, which is near completion at the present time.

For some time past it has been known that the large ore dumps at both of these premier Kerr Lake properties, not taking into consideration the larger amount of milling ore that is associated in the wall adjoining most of their high-grade veins, must be taken care of by the companies. The solution of this problem was solved in the signing of a five-year contract with the Nova Scotia to treat 175 tons per day, while the Kerr Lake takes 75 tons daily.

The ore will be bought outright by the Nova Scotia company on the assays from the sampling plant, which will be installed in the new mill.

In order to transport the ore from these mines, which are nearly 5000 feet away, a motor-driven aerial tramway has been ordered and the erection of the same will commence before the end of the present month. The contract for this tramway has been let to Lesch & Co. of St. Louis, and the plan calls for about 20 towers in that distance. The tramway, completed, will cost in the neighborhood of \$15,000.

CARSON CITY LADY MAKES GREAT SUCCESS

Mrs. Nesmith completed her term as principal of the Hook school in Starr valley last Thursday and departed on No. 5 for her home at Carson City. She gave entire satisfaction and was the unanimous choice of the trustees and patrons of the school for another term, but she declined the position in favor of a school closer to her home.—Wells Herald.

PHILOSOPHY POINTERS.

The mountains of youth become the molehills of age.

If a man refuses you a hearing, ask his opinion on something.

The most important thing in the world is to find yourself.

The surest test of a man's view of tainted money is, Will he accept it?

No man is paid for what he knows, but for what his employer thinks he knows.

Not always the skillful worker, but oftentimes the most skillful shirker gets the reward.

He is indeed a wise man who knows his opinions are rarely wanted even when solicited.

Find out what a man thinks of himself and you know his opinion of the world's greatest hero.

A woman's greatest joy is not in a trip abroad, but in talking about it after she has returned.

A man can always keep peace with a book, and if they disagree he can shut the book and have his say so.

If either must be done it is better to throw rocks at glass houses than mud, for mud cuts out the light as well as the air.

Heaven will soon be in reach of all who can afford aeroplanes; however, many at present are taking the quickest route by autos.

DARING BURGLAR RANSACKS HOUSE

ELY, Nev., June 13.—While visiting at the home of a neighbor on Thursday afternoon of last week, a burglar entered the residence of Mrs. Mike Nagy, 441 Spokane avenue, Reno, and stole about \$23 in silver. The money had been hidden in a bureau drawer and also in a box secreted in a closet but the hiding place was not secure from the search of the thief. The loss was discovered immediately on the return of Mrs. Nagy, who had only been absent about two hours.

The burglary was reported to the police and it is the opinion of Mrs. Nagy that the thief entered the house by means of the kitchen window. The doors were locked when she departed on the visit, and were in the same condition on her return.

Eight dollars were taken from the bureau drawer while \$15 was extracted from the hiding place in the closet. It is the opinion of Mrs. Nagy that the burglar was familiar with the house and also with the hiding places in which she secreted the money. No strangers were observed about the house during the afternoon and the police are working without a clue as to the identity of the thief.—Expositor.

FRANK CHANCE HAS TROUBLES OF HIS OWN

CHICAGO, June 13.—Manager Frank Chance of the Cubs has other afflictions than the blinding headaches resultant from being struck on the head thirty-eight times by pitched balls.

It is this trouble that forced him to quit work during the recent eastern campaign, but yesterday he underwent an examination for shooting pains in his right foot.

Dr. T. A. Davis, the club physician, pronounced Chance's ailment to be a repetition of the nerve trouble that laid him up two years ago. Chance started treatment for the new disorder.
